

INTERNATIONAL EDUCATION OF DIAGNOSTIC MSK ULTRASOUND

LEVEL 1 - Foundations of MSK Ultrasound – SOFIA 2022

“SonoSkills is Europe’s leading musculoskeletal ultrasound (MSKUS) and anatomy training provider for primary and secondary healthcare professionals. Our courses are evidence based, up to date, critical, hands-on, fun, an overall amazing experience. Registration for our Level 1 education in Sofia is open now and you are welcome to join us.”

FACULTY: Zoran Filipović, SonoSkills trainer and distributor

THE LEARNING OBJECTIVES OF THIS EDUCATION ARE:

- ④ Understanding the concept of ultrasound
- ④ Applying MSK ultrasound healthcare: its correct place
- ④ What is the appearance of musculoskeletal tissues in ultrasound?
- ④ Learning how to use the ultrasound system
- ④ Understanding the 3D functional anatomy of all extremity joints
- ④ Being able to scan all ESSR extremity joint protocols in a correct and reliable way
- ④ Being able to identify pathology in MSK ultrasound
- ④ Correctly working with the flowchart for reliable scanning

STUDY LOAD

The total study load for this complete level 1 education is 6 days. We have more than 23 hours of HQ videos that participants will have to watch on our e-learning platform as part of this education.

1. PART (3 days) – Diagnostic evaluation of shoulder, elbow and wrist (bone, tendons, muscles, ligaments, nerves ...) – ESSR protocols
2. PART (3 days) – Diagnostic evaluation of hip, knee and ankle (bone, tendons, muscles, ligaments, nerves ...) – ESSR protocols

MSK US OF SHOULDER JOINT AND INTRODUCTION

- ☎ Introduction to musculoskeletal ultrasound
- ☎ Qualitative scanning
- ☎ Knobology
- ☎ MSK US of the biceps
- ☎ MSK US of the subsc. and corocoid process
- ☎ MSK US of coracoacromial ligament
- ☎ MSK US of the supraspinatus with measurment
- ☎ MSK US of the infraspinatus, teres and AC joint

MSK US OF WRIST

- ☎ MSK US of the dorsal wrist compartments
- ☎ MSK US of the scapho-lunate ligament
- ☎ MSK US of the carpal tunnel
- ☎ MSK US of the ulnar tunnel

MSK US OF HIP JOINT

- ☎ Musculoskeletal ultrasound of the ventral hip
- ☎ Musculoskeletal ultrasound of the medial hip
- ☎ Musculoskeletal ultrasound of the lateral hip
- ☎ Musculoskeletal ultrasound of the dorsal hip

MSK US OF ELBOW JOINT

- ☎ MSK US of the lateral elbow
- ☎ Measuring the common extensors with MSK US
- ☎ MSK US of the ventrolateral and ventral elbow
- ☎ MSK US of the ventromedial and medial elbow
- ☎ MSK US of the dorsal elbow
- ☎ Introduction and explanation of the SonoSkills forum

MSK US OF KNEE JOINT

- ☎ MSK US of the ventral knee
- ☎ MSK US of the medial and posteromedial knee
- ☎ MSK US of the dorsolateral and lateral knee
- ☎ Lifelong learning: how to proceed?

MSK US OF ANKLE JOINT

- ☎ MSK US of the plantar foot, Achilles tendon and calf
- ☎ MSK US of the lateral compartment of the lower leg and the lateral ligament complex of the ankle
- ☎ MSK US of the ventral and medial ankle

DETAILS

Organizer/promoter: Infinita Academy and SonoSkills HR

Type of education: LEVEL 1 - Foundations of MSK Ultrasound education

Dates:

1. part– 08 - 10. April 2022.

2. part– 13 - 15. May 2022.

Location: Sofia, Republic of Bulgaria

Price: €1500,00 €1200 - early bird registrations

E-mail: office@infinita-bg.com

Mob.: +359 700 20 640.

Online registration available at: <http://sonoskills.hr/home/prijava-na-edukaciju/>
